# Maximizing Summertime Fun, Productivity, and Success with Your Gifted Child

## June 11 @ West Rocks M.S.

### 6:30 - 8:30

Children expect their summer to be filled with fun, high quality time, and a chance for relaxation. To assure the right balance of creative stimulation and quiet down-time for children and adults alike, this workshop will offer tips, resources, strategies, and activities that are sure to help make this a wonderful summer for the whole family, while preparing children with skills and dispositions needed for the next school year.

Participants will:

- ⇒ Explore positive ways to implement summertime routines and discipline that will contribute to family fun and enrichment, and
- ⇒ Learn how to use "association cards" that offer truly fun-filled ways to build stronger relations and connections, while providing just the right balance of creative stimulation and quiet relaxation for the whole family.

**Open to all Norwalk Parents**  
**Free Admission**

*Sponsored by Norwalk Public Schools Central Office  
of Academically Talented Programs.*

**Donations will be  
accepted to help fund AT  
Student Academic Awards**
